

MCPHS

UNIVERSITY

July 9, 2020

Ms. Kim Henderson
Alternative Balance

Dear Ms. Henderson:

It gives me great pleasure to acknowledge your gift of \$1,000.00, charged to your credit card on 4/2/2020. No goods or services were provided to you in return for this contribution. With this gift, you are now a member of our President's Circle.

Thank you for demonstrating your commitment to the NESAs with your gift designated to support our area of greatest need.

Your gift benefits our students at a time when the challenges of delivering health professions education escalate within an increasingly complex healthcare environment. For example, your unrestricted gift to NESAs' area of greatest need helps us to build and continually enhance our leading-edge educational infrastructure, offer world-class clinical and inter-professional experiences, and deliver an extensive and ever-widening array of career and employment-focused programs and services.

Grounded in nearly two centuries of academic excellence, MCPHS University is recognized as a dynamic, forward-acting global leader in health professions education that prepares students for careers destined to improve human health, save lives, and advance scientific research. Thank you again for helping to make that vital mission possible.

Sincerely,

Dennis Moseman M.S., D.C., L.Ac. Dipl. Ac. (NCCAOM)
Dean, New England School of Acupuncture

The portion of any contribution to the University that is deductible for Federal income tax purposes is limited to the excess of the amount given over the value of any goods or services received from the University resulting from the gift. Individuals attending the President's Leadership Event receive benefits valued at approximately \$75 per attendee.
